

Illinois Mental Health and Crisis Resources

A resource guide brought to you by The Jason Foundation, Inc. with the support of Meridian Health.

Introduction

This informational packet includes resources across the state of Illinois that specialize in mental health or crisis situations. It is our intention to educate communities about the resources that are available to them. The organizations are listed by county in alphabetical order. Information contained within may have changed since this publication.

This project was conducted by The Jason Foundation, Inc. with the support of the State of Illinois and the Illinois Department of Human Services.

The resources listed are for informational purposes only. The Jason Foundation does not endorse, recommend, or vouch for the quality of services provided by the agencies in this packet. Please use caution when choosing the provider and services that best meet your individual needs, costs, and standards.

If you would like to submit your organization for consideration, contact ILWBS@jasonfoundation.com as we update the packet regularly to include additional resources.
